the 1990s, the number of people in the world who are under 15 years of age is expected to increase from 1.1 billion to 1.5 billion.

As the world's population grows, the demand for food and other resources will increase. This will put pressure on the environment and on the world's food supply. It is important that we find ways to meet this demand without harming the environment or the world's food supply.

One way to meet this demand is to increase the efficiency of our food production. This can be done by using better farming techniques, such as crop rotation and the use of fertilizers. It can also be done by using better irrigation techniques, such as drip irrigation.

Another way to meet this demand is to reduce the amount of food that is wasted. This can be done by using food more efficiently, such as by using leftovers and by reducing the amount of food that is thrown away. It can also be done by reducing the amount of food that is lost during transportation and storage.

Finally, we can meet this demand by finding new sources of food. This can be done by using alternative sources of food, such as insects and algae. It can also be done by using genetic engineering to create new food crops.

There are many ways to meet the world's growing demand for food and other resources. It is important that we find ways to do this without harming the environment or the world's food supply. This will help us to ensure that everyone has access to the food and resources they need to live a healthy and happy life.

Bobbie Larson, "My high school required every junior to give a "Prize Speech," which was actually a dramatic interpretation of a literary selection you were to memorize. I chose Atticus Finch's closing argument to the jury from *To Kill a Mockingbird*. As I gave my speech I grew more nervous and barely choked out the last line. My English teacher thought I was acting, and to my horror, selected me to represent our class at the all-school Junior Prize Speech assembly. Needless to say, I declined the honor and narrowly escaped humiliating myself in front of two thousand peers. The memory of this still makes me tremble."

# Special Needs

The special needs students are indeed a special part of GHS. They worked hard all year, making and selling items to the student body and faculty. County Kids Create is a program that was set up to sell wreaths, cards, gift bags, puppy chow, hair twisties, pots, and almost any holiday knick-knack you could want to the student body and faculty. This program was started by the students along with Bev LeCount, Libby DeMeyer, and Wendy Clark, teachers in the special needs department. Everybody in the class participates, with each student having a special job. Sales took place about every holiday and several times a month after December to the end of the year. They also sold every day in the classroom during school hours. County Kids Create was a successful program for the students, teaching them not only how to create these crafts but also about managing money. The special needs students used the profit to buy extra materials and fabric

This year's play was "Little Women" and it was co-directed by Susan Yoder and Richard Snyder. It was performed on October 18, 19, and 20. This year there was also a matinee performance for elementary students.

"Little Women" is based on the well known book by Louisa May Alcott. It is the story of a family of sisters and the challenges they face in the 1860's. Jo, the central character that was played by Roselyn Wilson, models Louisa herself in both appearance and character.

In addition to the characters who are in the story, the directors have written in the part of Alcott. This character shared cuttings from the original novel which better explains some of the moments on stage and also adds some of the more poetic language used by the author. Many of the characters were very involved in other school activities and because of the time constraints some of the lines in the play had to be consolidated. There were a lot of small differences between GHS's version and the original.

The cast for "Little Women" consisted of Josh Nesbitt and Rosie Dragoo as Mr. and Mrs. March, Roselyn Wilson as Jo, Alyse Kinchen as Meg, Kendra Ellington and Brandy Vanest as Beth, Carrie Maxwell and Heather Hrnnewycz as Amy, Noah Lederach as Theodore Lawrence, and Sonya Huser and Marianne Stegmann as Hannah. Dual cast members played some of the characters because the original cast members were involved in cross-country, and were not available for two performances. With the combination of the directors' years of experience in theatre, awesome costumes, and wonderful performances by the actors and actresses, this year's production of "Little Women" was absolutely beautiful and phenomenal.

# "Rumble in the Jungle"

## Winter Homecoming 2002

Homecoming King Nathan Easley and Queen Tara Miller are proud to be named royalty.

The theme for homecoming this year was "Rumble in the Jungle." Spirit days for the week included Color Day, Hat Day, Animal Print Day, Hometown Hero Day, and of course Big Red Day. Banners were made for each class and pre-games and other activities took place during SRT on Friday at the convocation. One of the favorite competitions, "Mr. and Mrs. Plymouth," also took place. The homecoming court and royalty were announced at the game and Nathan Easley and Tara Miller were named king and queen. The highlight of the week was the Homecoming video dance, which included two huge video screens, black lights, and an intelligent light system, as well as jousting. Student Council believes that it was one of the most spirited homecomings that we have ever had at GHS.

The Goshen High School Music Department traveled to Toronto, Canada to compete for the Music Festival awards. The full and symphonic orchestras, Chamberline, Women's choir, and the Mixed choir attended the festival and all five groups walked away with trophies. When they weren't performing they visited the Hard Rock Cafe, at the Toronto Skydome, visited the CN Tower, which is the tallest building in Toronto, and of course they made a stop at the Eaton Centre Mall. Every member of the group saw the Lion King musical. The last highlight of their long day was going to Medieval Times where they saw jousting knights on horseback, sword fights, and hand to hand combat. Before they departed from Toronto they got to enjoy the great Music of the Mermaid Tour to see the Niagara Falls. The kids arrived home late Sunday night and it was a wonderful trip.

Along with the competition, contestants raised additional money for their charity by taking pictures of their legs and biceps and getting donations in a jar. Nick VanderMolen was named Mr. GHS 2002. Dan Shetler was first runner up, Bryan Treharne was second runner up, Joe Schneider was awarded Mr. Friendly, and best biceps, and Geoff Zentz had the best legs. Mr. Richard Snyder was a new teacher sponsor this year, Ms. Marcia Yost continued to be a sponsor, Mrs. Susan Yoder assists them whenever needed.

Drama club is a great way to become part of the International Thespian Society. The Thespian Society is for students who think that they may want to be an actor/actress later on in life. Though you may not necessarily make it into the play or musical just because you are in drama club, you could always be on stage crew. You need so many hours of each of these to be part of the Thespian Society.

# P.S.I

P.S.I is a new club that was offered this year at GHS. It stands for Postponing Sexual Involvement. When a student is in P.S.I. # Bowling Club

When asked how bowling club helps to make teammates closer Tanya Hart, a member of the Bowling Club, stated " You have to work together and encourage each other to improve your personal best. If one person doesn't do well then the whole team is dragged down. It's a team effort."

The publications class is actually three classes happening at the same time: publication graphics, yearbook and the school's newspaper. Those working on the yearbook are responsible for doing almost everything on the yearbook. The students of this class, which spends the whole school year to make it as good as possible, design every page with care. Susan Hepler Yoder guides the yearbook staff.

Every issue of our school newspaper is written and designed by the newspaper part of publications class. They meet after every issue to discuss what to put in the next issue. Students working on the newspaper are responsible for meeting a deadline, and creating an issue every month. Tomahawk staff is under the guidance of Marilyn Graber.

## BRANDON STUTZMAN

Brandon,

You were such a cute kid at 3 years old  
and you have grown into such a fine young  
man. You have worked so hard at  
everything you attempted and we are so  
very proud of you. We know you will  
continue to: "Trust in the Lord with all  
your heart and not lean on your own  
understanding." Proverbs 3:5-6. God  
bless you, we love you,

Mom & Dad

## MARC ULMER

We are so proud  
of the young man  
you have become.  
You have accom-  
plished much and  
have such a kind  
and compassionate  
heart. Always  
remember to push  
yourself to achieve  
your dreams and  
keep your good  
sense of humor  
along the way. You  
have been a joy to  
us.

We love you!  
Mom & Dad

"Buddy",

Wow! You have developed into  
quite a young man. We are very  
proud of you and all your accom-  
plishments. Your future certainly  
looks bright and we wish you the  
best of everything. Good luck in  
whatever you do.

Love always,  
Mom, Dad, & Amanda

Love,  
Mom & Dad

## CORY WITMER

Cory,

Can you really be graduating? Wasn't it just yesterday that you were climbing trees and playing Legos with your brothers? We are so proud of you. You have become an awesome man of God! "For I know the plans I have for you, declares the Lord, plans to prosper you and not to harm you, plans to give you hope & a future."

(Jeremiah 29:11)

Love,

Mom & Dad

## GEOFF ZENTZ

Geoff,

When God graciously brought you into our lives he entrusted us with the responsibility to love, teach, guide, and support you in all that you do. You can not know what a privilege it has been to watch you grow from a trusting child to the maturity of the man you are. We are so proud of the way you have carried yourself through the triumphs and most importantly the trials you have faced. Always remember that the attributes essential in life can never be taken from you, they can only be lost by what you choose to say and do.

It is with all of our love to a most gifted son,

Mom & Dad

"For when the One Great Scorer comes to mark against your name, He writes not that you won or lost, but how you played the game."

Grantland Rice

## KATIE ELDRIDGE

You grew up so fast. Where did the time go? The cute little girl has become a lovely young woman of talent, character, and beauty. Remember, "Families are Forever."

Love always,

Mom & Dad

## SONJA HUSER

Sonja,

It is supposed to be the other way around, parents are to lead their children. But in you i've found courage when I've felt fear, commitment when I felt despair, and integrity when I wanted to close my eyes to injustice. You, my child, are my role model and I very proud of you.

I'll love you forever,  
Dad

## CALEB COBLENTZ

the 1990s, the number of people with a mental health problem has increased by 50% (Mental Health Foundation 2000). The prevalence of mental health problems in the UK is estimated to be 10% (Mental Health Foundation 2000).

There is a growing awareness of the need to address the needs of people with mental health problems in the workplace. The Department of Health (2000) has published a strategy for mental health care, which includes a commitment to 'improve the lives of people with mental health problems in the workplace'.

The purpose of this paper is to review the current state of knowledge about mental health problems in the workplace, and to identify areas for further research.
